Waterproof Mineral Tiles

Collection 2026

ROCKO
SPC Tiles by frameless

R260
Terraquad

Inspired by Nature. Elevated by Design. Powered by Innovation.

Rocko Tiles feature digitally printed patterns, that capture every nuance of natural materials - from the elegance of marble and the rugged texture of stone to the rich grain of wood.

ROCKO
SPC Tiles by frameless

R258
Lorento Noir

Innovative Waterproof Mineral Tiles

Timeless elegance meets modern durability. Inspired by Europe's finest marbles — from the snowy whites of Carrara to the deep blacks of Spain's Nero Marquina.
Advanced printing technology recreates natural veining and depth with remarkable realism.

SE - Sensotouch
HG - High Gloss
PT - Peetah Stone
FN - Flanders Oak

Waterproof

Suitable for indoor use in both dry and humid environments - perfect for bathrooms, kitchens, utility rooms, and vestibules.

Effortless Installation

Designed for ease of handling and fitting. Can be cut, shaped, drilled, and installed over various substrates including ceramic tiles, plaster, concrete, plywood and OSB.

Extraordinary Format

2.800 x 1.230 x 4 mm

Large, slim panels cover full wall heights in most homes.

Scratch & Stain Resistant

A robust top layer protects against fine scratches and everyday wear. Resistant to common household stains - coffee, tea, cleaning agents, and personal care products.

Synchronized To Perfection

Realistic marble, stone or wood textures are created through advanced digital printing and tactile finishing. Every detail is precisely reproduced, with the surface structure perfectly aligned to the printed design - deeper for brushed wood, smoother for marble, or finely detailed for travertine.

Soft Touch Surface

Warm and pleasant to the touch, offering comfort and elegance.

Dimensional Stability

Unaffected by changes in temperature or humidity - suitable for sunny interiors and damp areas alike.

EPH SUCCESS BY QUALITY

QUALITY SYSTEM CERTIFICATION DNV·GL ISO 9001

Marble
Collection

Beauty shaped within the earth, durability for modern living.

Timeless elegance meets lasting performance. Advanced printing technology recreates natural veining, texture and depth with remarkable realism.

Accessories

& Installation

Coordinated Solutions

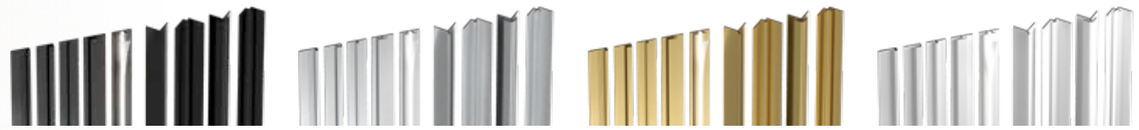

Rocko Tiles are supported by a full suite of accessories: adhesives, finishing profiles and silicones. All components are manufactured and shipped from Europe, available in express program.

Profiles

A perfect finish for your tiles

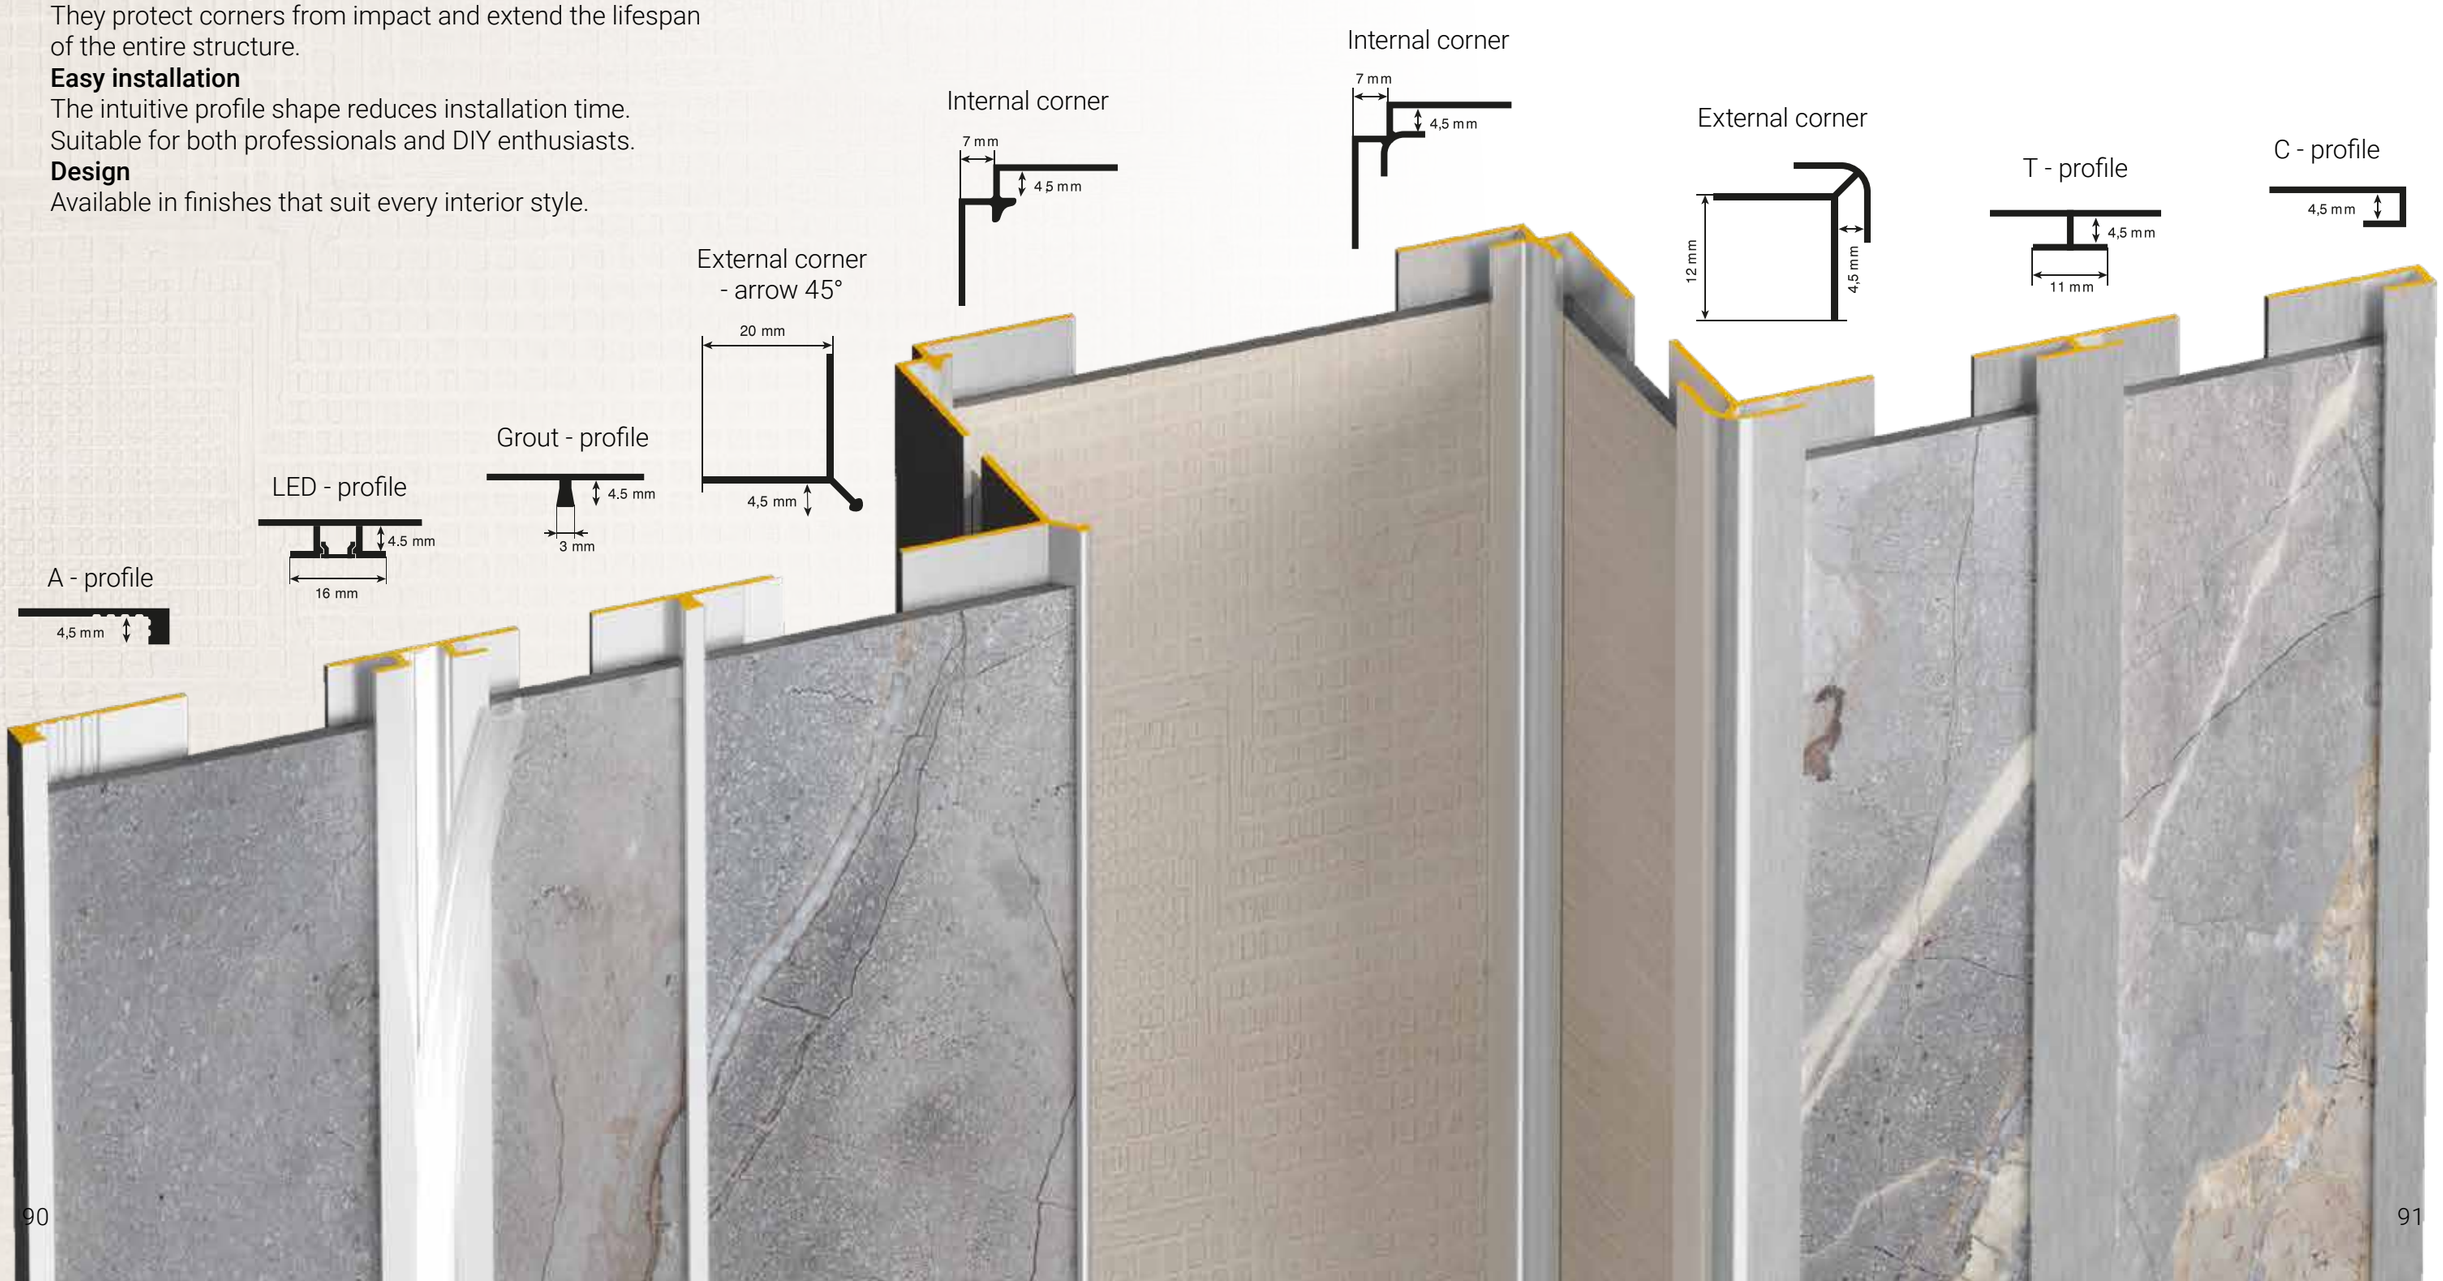

Impressive aesthetics
They conceal cutting irregularities and ensure perfectly straight joint lines.
Extreme durability
They protect corners from impact and extend the lifespan of the entire structure.
Easy installation
The intuitive profile shape reduces installation time.
Suitable for both professionals and DIY enthusiasts.
Design
Available in finishes that suit every interior style.
